

# Arctic Ocean Fact Sheet

## Five Fun Facts

1. Covers less than 3% of the Earth. It is the smallest ocean.
2. Its name comes from the word 'arktos' which means 'bear' in Greek.
3. It is the shallowest ocean.
4. It is home to seals, whales, waluses and polar bears.
5. The oceans surface is covered by ice during June to October

## Follow Directions

1. Color the Arctic Ocean blue and draw a polar bear on an iceberg.
2. Color the land it borders green.
3. Which ocean is it closest to?
