

ROLL & SOLVE MULTIPLICATION

You will need:

1-2 players

Pencil for each player

2 dice

Roll two dice. Fill in the equation using the numbers on the dice. Then solve. The first player to finish wins.

PLAYER 1

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

PLAYER 2

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$

$$\square \times \square = \square$$
