

Division Game 1 player

Place flashcards in a pile face down. Draw one card at a time and solve the equation. Mark the number off on the board. If the number is already marked, place aside and choose another card. You have won when each number on the board is covered. Time yourself and try to beat your time each time you play.

1	2	3
4	5	6
7	8	9
10	11	12
