Directions: Print duplicate or triplicate copies of sight word flashcards. Shuffle and divide evenly among two players who keep their stacks separate and face down in front of them.

At the same time, both players flip over a card, playing it on the mat to reveal the word. If the words match, the first player to slap the hand in the center wins all card on the game board.

The winning cards are added to the bottom of the winning players deck.

If the cards did not match, the players repeat the process and both flip another card at the same time.

Game continues in this fashion until one player has won all the cards.
