

Fact Family Card Game

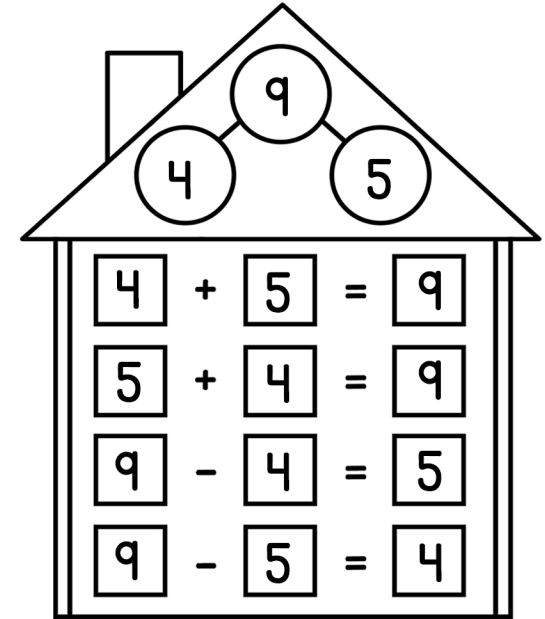

Name: _____

Date: _____

Pick two cards and place in each card box. Add numbers together and write total in top number bond as shown in example. Next, write the four fact family equations. Use templates provided for additional rounds and players.

Card 1

Card 2

A blank fact family card template with a roof containing three empty circles and a body containing four rows of empty boxes for equations:

$$\begin{array}{l} \square + \square = \square \\ \square + \square = \square \\ \square - \square = \square \\ \square - \square = \square \end{array}$$

A blank fact family card template with a roof containing three empty circles and a body containing four rows of empty boxes for equations:

$$\begin{array}{l} \square + \square = \square \\ \square + \square = \square \\ \square - \square = \square \\ \square - \square = \square \end{array}$$

A blank fact family card template with a roof containing three empty circles and a body containing four rows of empty boxes for equations:

$$\begin{array}{l} \square + \square = \square \\ \square + \square = \square \\ \square - \square = \square \\ \square - \square = \square \end{array}$$
