ELAPSED TIME
WITH ANALOG CLOCKS

Elapsed time is the amount of time that passes between two events.

Sammie had a pool party at 3:00.
His mom picked him up
when it was over at 9:00.
How long was Sammie at the pool party?
ELAPSED TIME :
6 hours 00 minutes

T-Chart

time	hours and minutes
3:00	start +
4:00	1 hour
5:00	1 hour
6:00	1 hour
7:00	1 hour
8:00	1 hour
9:00	1 hour

add these together =
elapsed time
