

Paper Plate Earth Model

Name: _____

Date: _____

1. Begin by drawing a small circle in the center of the paper plate and color it red to represent the inner core of the Earth.
2. Paint an orange circle around the existing circle on the plate to depict the outer core.
3. Use a thin brown layer of paint around the edge of the plate to signify the mantle.
4. Fill the remaining space on the plate with yellow paint to represent the Earth's crust.
5. Label each layer by attaching the corresponding names onto the plate using glue.

**Crust****Mantle****Outer Core****Inner Core**
