

3D Styrofoam Earth Model

Name: _____

Date: _____

Use two styrofoam balls in sizes 4 inches and 1 inch. Cut them in half. Glue the 1" ball to the center of the 4 inch ball. Paint the crust blue and green. Paint the 1 inch ball red. Paint an orange circle around red ball. Paint the rest of the styrofoam ball yellow. Cut out and glue the labels of the earth tags to the correct place on the model.
