

DIRECTIONS: Color then cut out the nativity figures. Use a hole punch to put a hole in the top of the characters. Then, attach string to the top of each figure. Next, prepare two sticks—one longer for the crossbar and one shorter for the base—tying strings to both ends of the longer stick and securing the shorter stick perpendicular to it. Arrange the figures on the strings at various lengths, ensuring balance, and then hang the mobile from a suitable spot.
