

If you could have milk or water at every meal, what would you choose?

This year I am looking forward to...

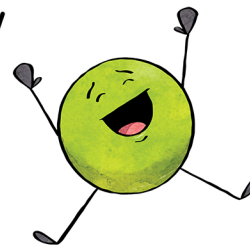

Imagine a day where you were the teacher. What would you do?

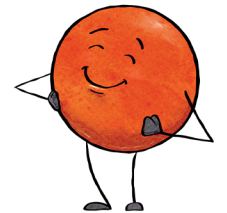

Describe your routine when you wake up for school.

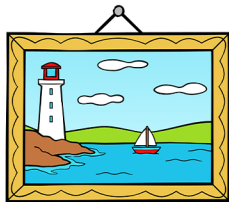

Describe how you feel after school is over.

Tell me about a time you felt proud of yourself.

Describe a fun art project you have done. What made it fun?

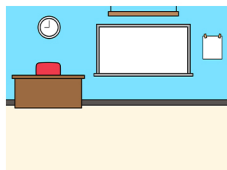

Write a silly story about a basketball player who cannot stop shrinking.

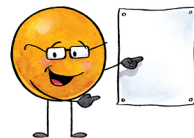

Write about a silly class you had at school.

Describe the number one rule in your classroom. Why is it important?

What if teachers could give you extra recess every day. Would you like it? Why or why not?

If you could live on a mountain or a beach, which would you choose? Why?
