Choose a color for each type of fact below. Read the passage and highlight key facts as you go.

**beach****both****park**

Beaches and parks are fun places to visit. Both have open spaces where people can play. You can have picnics at the beach and in the park. Beaches and parks are good places to spend time with family and friends. Beaches have sand and water, but parks have grass and trees. You can swim in the ocean at the beach, while at the park, you might find a playground. People often wear swimsuits to the beach, but they wear regular clothes to the park. Beaches usually have seashells and waves, while parks usually have flowers and benches.
