cake

Ice cream and cake are both sweet desserts. They come in many flavors like chocolate and vanilla. People often eat ice cream and cake at parties. Both can have toppings like sprinkles or fruit. Ice cream is cold and creamy, but cake is soft and fluffy. We eat ice cream with a spoon, while we use a fork for cake. Ice cream melts if it gets warm, but cake stays the same. We keep ice cream in the freezer, but cake can stay on the counter.
