## TRIPILET

A triplet is a poem with three lines in a row,  
Sometimes they rhyme like go, show, and glow,  
Or they share an idea to help your heart grow!

I see a cat,  
Wearing a hat,  
Sitting on a mat.

The sun is bright,  
It gives us light,  
It shines day not night.

The rain comes down,  
All over town,  
Making puddles brown.
