

		sport				pet				study				food			
		ballet	basketball	judo	fencing	rabbit	parrot	ferret	gerbil	math	algebra	economics	Spanish	waffle	risotto	baklava	tortilla
Name	Kepler																
	Hubble																
	Comte																
	Eddington																
food	waffle																
	risotto																
	baklava																
	tortilla																
study	math																
	algebra																
	economics																
	Spanish																
pet	rabbit																
	parrot																
	ferret																
	gerbil																

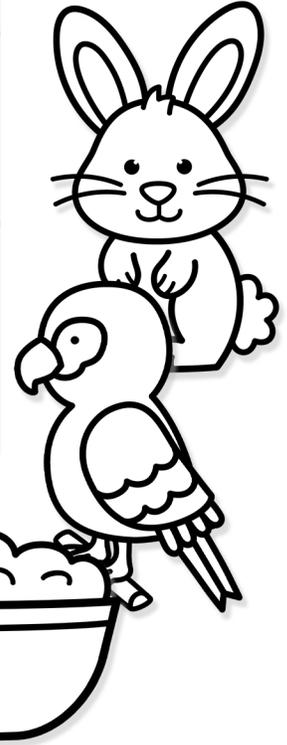

INSTRUCTIONS: Four people each have their own sport, pet, study, and food. Use the clues to figure out what belongs to each person. Put an X in each box that can't be right. The boxes without an X show the answers!

CLUES

- Hubble dribbles down the court during intense basketball tournaments.
- Comte conjugates Spanish verbs while preparing for his language exam.
- Kepler savors creamy risotto with mushrooms at Italian restaurants.
- Eddington earned his black belt practicing judo throws and holds.
- Eddington teaches his colorful parrot to mimic phrases and melodies.
- Kepler researched ballet performances, but he preferred competitive sports.
- Eddington struggles with calculus, so economics and math courses aren't for him.
- Hubble orders pancakes and fruit, but baklava's sweetness overwhelms him.
- Whoever prepares risotto carefully avoids keeping rabbits and ferrets as household pets.
- Comte bottle-feeds his playful ferret before heading to practice.
- Whoever enjoys crispy waffles for breakfast excels at solving math problems.
- Anyone who savors flaky baklava avoids learning a different language.
