

# GAME 1

A 3x3 grid of squares, used for drawing a face. The grid is composed of three horizontal and three vertical lines, creating nine equal-sized squares.

## GAME 2

# GAME 3

A 3x3 grid of squares, with the top-left square shaded gray. This grid is used to draw a 3D cube by connecting the corners of the squares.

## GAME 4

A 3x3 grid of squares, intended for drawing a 3D cube. The grid is composed of four horizontal lines and four vertical lines, creating nine equal-sized squares.

# GAME 5

A 3x3 grid of squares, intended for drawing a 3D cube. The grid is composed of 9 squares arranged in 3 rows and 3 columns.

# SCORE

PLAYER 1	PLAYER 2

# GAME 6

A 3x3 grid of squares, intended for drawing a 3D cube. The grid is composed of 9 squares arranged in 3 rows and 3 columns.

## GAME 7
