

HELIOTROPISM VOCABULARY CARDS

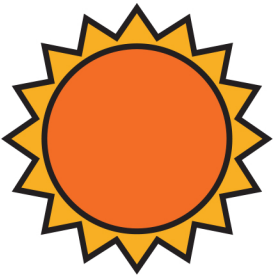

SUPERSTARWORKSHEETS.COM

heliotropism

SUPERSTARWORKSHEETS.COM

The way a young sunflower tracks the movement of the sun across the sky each day, turning from east in the morning to west in the evening.

SUPERSTARWORKSHEETS.COM

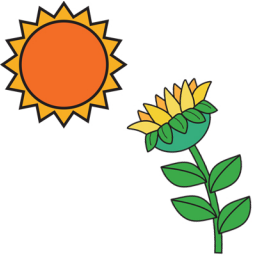

SUPERSTARWORKSHEETS.COM

stimulus

SUPERSTARWORKSHEETS.COM

Something in the environment that causes a living thing to react. For a sunflower, sunlight is the stimulus that causes it to turn.
