

SUNFLOWER

SCIENCE EXPERIMENT

Name: _____

OBSERVATION JOURNAL

DAY 1:

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

DAY ____

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

WEEK ____

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

WEEK ____

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

WEEK ____

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

WEEK ____

Direct Sun

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____

Indirect Light

Draw your seedling.

Height: ____ cm.

Direction stem faces: ____
