

TADPOLE INVESTIGATION

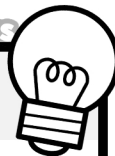

Name: _____

SUPERSTARWORKSHEETS

QUESTION:

How does a tadpole change as it grows into a frog?

HYPOTHESIS:

MATERIALS:

- ☐ tadpoles
- ☐ tadpole habitat or tank
- ☐ pond water or dechlorinated water

PROCEDURE:

1. Set up the tadpole habitat with water and a few plants or rocks.
2. Add tadpoles and feed them according to the kit instructions.
3. Each week, observe and measure changes in your tadpoles and document them on a lab sheet.
4. Document final observations and report your conclusion.

FINAL OBSERVATIONS:

Tadpole

Froglet

CONCLUSION:

TADPOLE

Name: 

INVESTIGATION
