

SEA TURTLE CONSERVATION VOCABULARY CARDS

endangered
species

A kind of animal that
is at risk of disappearing
forever if it isn't protected.

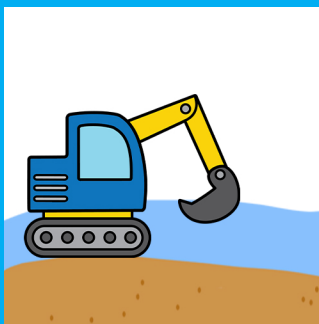

plastic
pollution

Plastic trash that ends
up in the ocean and can
hurt sea animals.

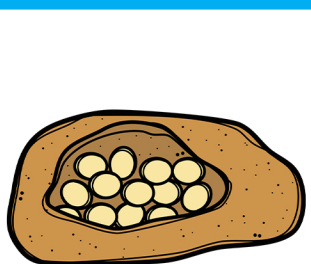

conservation

The work people do
to protect animals, plants,
and the places they live.

habitat loss

When the natural place
an animal lives is
damaged or taken away.

nesting
beach
protection

Special care people
take to keep nesting
beaches safe so sea
turtles can lay their eggs.
